Education

MSc in Artificial Intelligence,
University of Cape Town
2026 – Present

BEng Tech Honours In Computer Engineering,
Cape Peninsula University of Technology
2024 – 2025
Average: 80%

Bachelor of Eng Tech in Computer Engineering,
Cape Peninsula University of Technology
2022 – 2023
Honours: Cum Laude | Average: 82%

Diploma of Eng Tech in Computer Engineering,
Cape Peninsula University of Technology
2020 – 2021
Average: 85%

Academic Achievements

- Dean's Excellence Award — Best BEng Tech student, Electrical & Computer Engineering (2023)
- Dean's Excellence Award — Top Diploma achiever, same department (2021)
- Consistently ranked top 1% | 30 distinctions out of 35 subjects Completed.

Professional Experience

Backend & Intelligent Systems Development,
Koolboks Nigeria
Jan 2025 – Feb 2026

- Supporting the development of **intelligent system solutions** and product features.
- Applying AI-driven solutions in real-world contexts
- Leading projects, strengthening **project management** and **strategic thinking skills**.
- Gaining hands-on experience in **system integration** and **digital infrastructure**.

Technical Skills

Software Development & Cloud
Java, JavaScript, Vue.js, C/C++, HTML, CSS, Python, PHP, Azure, MySQL, Full stack, REST APIs

Networking & Systems
CCNA 1 & 2, Network protocols, Cisco IOS XRv, OpenDaylight, REST APIs (Postman), SDN

AI and Cybersecurity
ML, Deep learning, EDA, Intrusion Detection

Tools & Productivity
Git/Github, MS Office Suite, Matlab, Ubuntu

Soft Skills

- Excellent Communication and Collaboration
- Problem Solving and Analytical Thinking
- Leadership and Productivity
- Detail-Oriented and Fast Learner

Projects

Intrusion Detection System Using Deep Learning for Hybrid SDN
- An automated Deep Learning IDS that reduced security false alarms by **99.9%** (13,643 vs. 5).

Goodies Store
- Online shopping web app using API for inventory

Handwritten Digit Recognition (ANN)
- ANN for classifying handwritten digits based on MNIST and custom handwritten data.

School Bus Monitoring System
- RFID, GPS, and Azure-hosted DB

Solar Charge Controller
- Arduino and energy management

ServiceMe
- Web application Where you can hire housecleaning and gardening services.

Connect
- Twitter-like social platform

Volunteering

IEEE GLOBECOM 2024, Cape Town
- Managed front desk operations
- Logistics, Sessions monitoring
- Provided support to speakers and presenters
- Networking with students, researchers, and professionals

AfricArena 2023 Grand Summit, Cape Town
- Coordinator
- Front desk operations
- Logistics

Certificates

AMI Courses
- Problem Solving
- Communication
- Personal Productivity

Microsoft Office Associate

Languages

English — Fluent

French — Native/Bilingual

Interests

- Reading
- Running
- Tech and innovation blogs
- Artificial Intelligence and Cybersecurity
